

To whom it may concern,

I write this message in support of New Office Fitouts, they recently built a new office for us and did a very good job.

I dealt with Tony Taouk and found him to be very efficient, obliging and knowledgeable. He quoted the job on the spot and that was exactly what I was billed.

The job was done in the time frame requested, also after hours and during the weekend to avoid disruption to this office, all without complaint or fuss.

All tradesmen attending the job were friendly, helpful and good at what they did.

The site was left clean and all rubbish removed.

I would have no problem recommending Tony and his team, in fact I have already referred him to one of my own customers.

Regards
Glenn McGregor
